

Does your team support people experiencing homelessness?

If so, check out the new [London Hospital Discharge Housing Options Directory](#) on FutureNHS

What is the London Hospital Discharge Housing Options Directory?

It is the first ever local authority housing teams directory, an online resource to help support referrals to local authority housing options services in the London boroughs. The directory can be found at <https://future.nhs.uk/HomelessHealthCOVID19>

Who is it for?

NHS as well as wider health and care teams supporting discharge and out of hospital care for people experiencing, or at risk of homelessness, although anyone working in a health and care organisation or service may request access.

What information is in the directory?

It contains information specific to each London borough*, including:

- Key housing contacts
- Links to relevant websites and housing application forms
- Specific submission criteria for each borough's referral process to support your application for people experiencing (or at risk of) homelessness.

How do I access the directory?

Request an invitation to view the directory via the FutureNHS membership page [here](#). Futures.nhs.uk is an NHS online platform with a wide range of homelessness support tools including our housing directory <https://future.nhs.uk/connect.ti/system/text/register>. For help creating an account, visit our [FAQ](#)

View the instruction [video](#) here which teaches you how to navigate the directory
